The numeracy workbook 3rd edition by Sybil Beattie and Linda Ross

The Numeracy Workbook is for adults who are developing their basic numeracy and language skills. It is also very suitable for adults who are fluent speakers of English.

The resource uses everyday contexts such as employment, shopping, banking, health and the home as the basis for practical numeracy tasks. The areas covered are number, measurement, data and space. Skills such as reasoning, problem solving and estimating are built into the activities.

Graffiti Asia by Ryo Sanada & Suridh Hassan

This book is the first to examine the spread of graffiti in Asia. Interviews with local artists provide an insight into the life of the graffiti artist in countries far removed from graffiti's origins in the US. They discuss the most popular graffiti locations, the attitudes of each country to the idea of graffiti art, and the network of established and emerging artists across the region.
